

HKTv x Food Angel - Food Angel Experience Day

In 2022, HKTv held a calories-to-food event, where for every calorie burned by our Talents through exercise, HKTv would donate 10g of food to Food Angel. Our Talents consumed a total of 17,700 calories, and the Group donated 200kg of food accordingly. An additional 100kg of rice were also donated by our merchants in support of the initiative.

Our Talents also formed a volunteer team to participate in the Food Angel Experience Day, using the food donated by the Group to prepare 2,201 meal boxes for people in need.
