

HKTV x PUC- Volunteer Day

In addition to showing care to the community, HKTV also pays great attention to the rights and welfare of all kinds of animals.

The HKTV volunteer team served as one-day volunteers at the Paws United Charity's dog and cat centre. In addition to assisting in cleaning, our team also learned tips on training and feeding small animals, making it easier for us to interact with them.

Through the one-day volunteer activity, the team had the chance to understand the daily operations of the dog and cat centre, deeply realizing the importance of our care for small animals.
