

HKTV x HKLSS - Fun Day

HKTV partnered with Hong Kong Lutheran Social Service - Cheung Ching Lutheran Centre for the Disabled to host a Fun Day with the hearing-impaired group, allowing our Talents to learn about their community.

Before meeting the group, a social worker gave us some background on the hearing-impaired community to enhance our understanding of hearing impairment. In addition, a professional sign language interpreter taught us some simple sign language, empowering us to communicate easily with individuals with hearing impairment and further fostering inclusivity in society.
