

## HKTVmall Launched “Doorstep Slotted Box Recycling Service”

HKTVmall has launched a doorstep slotted box recycling service, dedicated to reducing paper box waste and promoting recycling.

HKTVmall will provide a one-time free doorstep slotted box recycling service when the order is complete. Customers can schedule a time in HKTVmall app for our logistics team to go and collect the slotted boxes used for delivery. The boxes will be returned to the HKTVmall warehouse for centralised processing and then undergo further procedures by a professional recycling company.
