

## HKTVMall Signed the Packaging Reduction Charter

To further promote green online shopping, HKTVMall signed the Packaging Reduction Charter launched by the Environmental Protection Department (EPD), undertaking to submit our annual total packaging material usage to the EPD, implement measures to reduce packaging or adopt sustainable packaging solutions, as well as encourage suppliers, business partners and customers to reduce packaging materials and enhance packaging management.

HKTVMall will keep reviewing our packaging regularly and proactively explore new reusable or recyclable materials to contribute to waste reduction.
