

## HKTV x TREATS - Fun Day

HKTV collaborated with TREATS, an NGO dedicated to creating an inclusive society for all children, to host a Fun Day when HKTV Volunteer Team explored the community with children from special schools!

We were led by the TREATS team to explore Causeway Bay and Tai Hang with the kids, discovering another side of Hong Kong!

This event allowed us to know more about the needs of different communities. We understood that barriers between each other can be broken down through communication, further contributing to building an inclusive society!
