

HKTV x Aberdeen Kai-fong Welfare Association - Elderly Visit

HKTV collaborated with the Aberdeen Kai-fong Welfare Association to visit the seniors.

Before the visits, staff from Fong Wong Wun Tei Neighbourhood Elderly Centre introduced some common cognitive disorders and the pressures faced by caregivers, helping us better understand the situations of the seniors and their families. They also explained some home visit techniques, enabling us to spread our care.

20 Talents from the HKTV volunteer team were divided into different groups to visit the seniors. The volunteer team also prepared gift bags for them, hoping to bring a little surprise to the seniors.
