

## HKTV x Joy Fusion - Inclusive Baking Workshop

HKTV partnered with Joy Fusion, a band of the Integrated Vocational Rehabilitation Services under The Providence Garden for Rehab, which is part of the Hong Kong Sheung Kung Hui Welfare Council, to host an inclusive baking workshop. Members in mental recovery from The Providence Garden for Rehab Integrated Vocational Rehabilitation Services were responsible for teaching our Talents to make molten lava cakes.

While baking the cakes, members from The Providence Garden for Rehab Integrated Vocational Rehabilitation Services shared their joyful experiences and the challenges they faced during rehabilitation. Their stories gave us a deeper understanding of their circumstances and needs, leading us to reflect on how we could offer empathy and care, extending warmth and support throughout the community.
