

## HKTV x ADAM Arts - Sand Art Workshop

HKTV collaborated with ADAM Arts Creation Limited, a social enterprise under the Arts with the Disabled Association Hong Kong, to host a sand art workshop. The session was led by inclusive artist Jessica Chiu, who guided our Talents in creating their own sand art pieces.

It was the first time for many Talents to create sand art. Jessica patiently taught everyone to illustrate their ideas with sand step by step. Talents learned the basic techniques of sand painting and discovered a new way to unleash their imagination, discovering the joy of art.

During the workshop, Jessica also shared her journey as an inclusive artist, helping us gain a deeper understanding of the challenges and needs faced by artists with disabilities in their daily lives.
